Seals and stamped parts  
Turning and milling parts  
Cast and moulded parts  
Water jet cut parts  
Special parts  
Semifinished product range

### Product range:

We are a continuously growing group of companies with four locations and more than 500 employees in Germany. Our family-owned company brings more than 50 years of experience to bear, gained in the supplier industry and as a partner to the technical trade. Seals, stamped parts, semifinished goods or special parts - billions of elastomer and plastic parts leave our production facilities every year and find their way worldwide application in the different sectors.

Our product fields are:

- Seals and stamped parts
- Water-jet cut parts
- Special parts and more
- Turning and milling parts
- Special parts of sealing technology
- SPÄH designed acoustic
- Cast and moulded parts
- Semi-finished product range
- 3D parts, laser

Please find more detailed information about us on our website: [www.spaeh.com](http://www.spaeh.com)

Additional information we will provide you with pleasure on demand.
